

ROADWAY AND SAFETY IMPROVEMENTS

International Speedway Boulevard (U.S. 92/S.R. 600) from the Halifax River Bridge to S.R. A1A

Volusia County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is resurfacing the roadway and implementing safety improvements along International Speedway Boulevard (U.S. 92/State Road (S.R.) 600) from the Halifax River Bridge to S.R. A1A in Daytona Beach, Volusia County. This project incorporates FDOT's Complete Streets approach, which aims to enhance safety, mobility, and access for all road users by providing improved travel facilities tailored to the individual and unique needs of the community.

International Speedway Boulevard will be widened and resurfaced to provide two vehicle travel lanes in each direction with a raised median for motorists and widened sidewalks on both sides of the roadway for pedestrians. Additional enhancements include new signing, pavement markings, drainage structures, utility upgrades, and new turn lanes at the intersection of International Speedway Boulevard and S.R. A1A. The traffic signals along International Speedway Boulevard at the intersections of Halifax Avenue, Peninsula Avenue (S.R. 441), Grandview Avenue, and S.R. A1A will also be reconstructed.

WHAT TO EXPECT

Motorists should expect intermittent nighttime lane closures on International Speedway Boulevard between the hours of 9 p.m. and 7 a.m. during construction. Intermittent sidewalk detours will be utilized to accommodate pedestrian traffic around the work area. Electronic message boards and other signage will be used to direct traffic around closures. Access to residences and businesses, as well as pedestrian access, will be maintained throughout the duration of the project.

The level of work activity will vary during different phases of construction, and the schedule may change due to weather or other unforeseen circumstances. For the most current project details and lane closure information, make sure to visit the project page on FDOT's Central Florida Roads website, www.cflroads.com.

Financial Project Identification (FPID) No. 437942-1

CONTRACTOR

Masci General Contractor, Inc.

PROJECT COST

\$12 Million

PROJECT START

June 2023

ESTIMATED

INSTALLATION COMPLETION

Summer 2024
